LOCAL JOTTINGS

Dr. Girvin and the Editor were visitors to Calgary on Friday.

Mr R. McCann purchased a Maxwell car this week.

A meeting of the School Trustees will be held on Thursday evening.

W. F. G. B. and H. A. Anderson were Calgary visitors last week.

Lieut. L. J. Main, of the 137th Batt. (American Legion) Calgary, was a week-end visitor to Strathmore.

The Namaka Red Cross Society are holding a Sports Day on Wednesday May 24th, (Empire Day). The list of events will appear later.

In our report last week of the I.O.O.F. Church Parade at Namaka we mentioned Mr. Aikens as forming part of the orchestra. This should have been Mr. Thompson.

The District Deputy will pay a visit to the local I.O.O.F. lodge on Thursday night. The Rev. T. H. Bole will give a talk the same evening on the History of the Shin Fain movement. All brothers requested to attend.

A special meeting of the School Trustees was held on Thursday last to make arrangements for the Banff Excursion. Those present were Trustees Lilly, (chairman), Gatenby, Seymour, Anderson and Mr F. H. Tucker.

A letter was received by Mrs G. T. Berry this week from Guy Cole, who, as previously reported in the Standard, has been wounded. Guy is now in England, under medical care, and he says he is very thankful that he was given skillful medical attention as he will regain complete use of his limb.

Mothers Day will be celebrated on Sunday May 14th. At the Methodist Church, Strathmore, in the morning at 11 o'clock, a special service will be held at which all mothers of Strathmore and district are especially invited. Provision will be made for taking carriage small children while mothers are in attendance at the service.

A letter was received last week by Mr Burton from his son Fred who is now in France. He stated that a short while ago he attended a picture show in France, and the first picture shown on the screen was entitled "Settlers coming to C.P.R. ready made Farms at Strathmore." Fred recognized several people standing on the Depot.

Mr W. E. Brown was a visitor to Calgary on Monday.

Mr Lazerte, School Inspector, was in Town on Wednesday.

A. T. Bestul was a visitor to Calgary last week.

BORN—To Mr and Mrs E. D. Gillingwater, on Wednesday May 3rd, 1916, a son.

Mr Albert Pitts, C.P.R. ditcher at Gleichen was a week-end visitor to Strathmore.

Mr H. McGill, Cheviot auto agent, was a Strathmore visitor on Monday.

WANTED—An intelligent boy as apprentice to the printing business. Apply, office of the Standard, Strathmore.

The Alberta Gazette dated April 29th contains the announcement that Mr Benjamin Nevill, of Carleton Place, has been appointed a Commissioner for taking affidavits.

Sgt. and Mrs John Mackenzie, of Calgary, spent a few days in Strathmore last week, being the guests of the Editor and Mrs Lister.

Jack Waddy writes from Winnipeg stating that he is now Captain Quartermaster as reported in a previous issue of the Standard but Company Quartermaster Sergeant.

Mr Bert Hoffman, who has been working on the staff of the C.P.R. Dept Natural Resources, Calgary, has returned to his farm near Langdon, and is busy putting in this year's crop.

Mr R. W. Jenkins, has secured contracts for drilling wells for the towns of Suffield and Retlaw and intends shipping his outfit there this week. He is also in line for a large number of contracts in that part of the Province.

Officers Elected.

The Methodist Sunday School held its annual meeting in the Church on Tuesday evening last at which a very satisfactory report of the year's work was given by the secretary, Mr W. Saunders.

There were quite a goodly number present and the interest evinced was pleasing. It was decided to hand over to the church the sum of \$100.00 from the school funds to help liquidate the Church debt.

The election of officers was also held, and Mr McElhues was again re-elected as Superintendent. Mr W. G. Way was elected as assistant Superintendent; sec. treas., Mr W. Saunders, Pianist, Miss Hubert McElhues, Librarian, Miss Katie Teare.

The following is the staff of teachers which were appointed recently and it was felt that it was not necessary to make any changes as the school at present was being well handled and was proving satisfactory. Mrs S. E. Hall, Mrs G. W. Way, Mr Wm. Lister, Mr J. G. Niddrie, Mrs J. Saunders, Mrs O. F. Bremer, Mr W. G. Way and the Rev. T. H. Bole.

The school has now a membership of 143 which is made up of follows: Scholars, 103; Teachers, 8, and officers 12; Cradle Roll, 20.

Former Strathmore boy Wins the D.C.M.

Citizens of Strathmore and District will be pleased to hear, with no small amount of pride that one of our former residents who is now serving his Empire has been decorated on the battle field with the much coveted British D.C.M. and the French Cross of War. The holder of these distinctions is Roy Smith who worked for many years as a blacksmith here, and was well known around this portion of the Province. Details as to how the decorations were won have not come to hand as yet, but we hope to be able to publish these in the near future.

Mr Jones, one of Strathmore's old timers returned from Iowa on Friday, after an absence of a little over a year. We understand he intends locating in the district again.

German Not Keeping Faith With Red Cross. Many British prisoners of war are still in Germany. Write to the War Office, London, for information.

Insurance
Among a batch of German prisoners of war who have arrived in England are two soldiers who only a few months ago were sent back from England as German agents for further service. Both men on their arrival in London were met by the military authorities as having been badly wounded last summer. One of the men had actually lost an arm. It is a pity that the two men were not sent back to Germany in exchange for British prisoners as they are now being sent to the front.

AMERICAN PLAN

BUY AN IRRIGATED FARM

FROM
THE CANADIAN PACIFIC RAILWAY

BECAUSE—
Irrigation makes the farmer independent of rainfall, and insures good crops, no matter how dry the season. Irrigation makes possible the successful culture of alfalfa, the king of forage, which insures best returns in dairying and mixed farming. Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community. Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied. You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$25 to \$25 per acre, with twenty years to pay and the privilege of a loan of \$2000 for improvements (5 per cent interest, no principal payment at the end of first or second year and no water rental for first year. Assistance is also given in supplying stock, in approved instances. This is the most liberal offer of irrigated farm land on record. Get full particulars from:

OUR NEW EDITOR

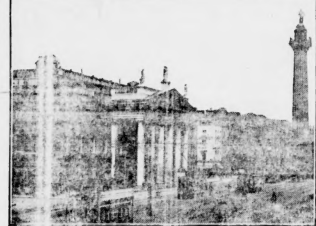

The present issue of the Standard is under new management. Mr. Wm. Lister, who has conducted the business with general satisfaction to everyone since the beginning of November, 1915, having decided, to our regret, to sever connection therewith. His mantle has fallen upon Mr. Chas. Payne who has also been employed on the Standard staff since the same date, and is well and favorably known to all the readers of the Standard and the Standard.

Mr. Payne is a capable newspaperman, and we bespeak for him the support and goodwill of the people of this district. The foundation of a country newspaper, as distinct from the city dailies, rests, to a great extent on the personal friendship existing between the Editor and his readers and advertisers. He is the link which binds the divergent interests of the community together, and renders progress possible.

It will be seven years on the 2nd of October of this year since the Standard made its initial appearance, and that time the undersigned has conducted the Standard continuously, but considering that his obligations as a citizen of the British Empire rendered it imperative for him to join His Majesty's Forces, he deserted the pen for the sword last November, however still, continuing his ownership of the Standard. If, at the conclusion of the struggle, he gains intends to take up the active management of the Standard. In the meantime he hopes that his present readers and advertisers and job printing customers will continue their generous support to the new editor and manager, Mr. Payne who we are certain will prove worthy of it.

Mr. Payne took up his new duties on the 31st inst., and is in full charge from that date, with power to collect and pay all accounts in connection with the business. The undersigned's power of attorney will be vested with Mr. J. J. Petrie, barrister, Strathmore and Calgary, who will look after personal matters.

JOHN MACKENZIE.

WEDNESDAY, MAY 10, 1916

Prospects For A School of Agriculture at Strathmore Are Very Bright.

(By WILLIAM LISTER)

Last week, we endeavored to give a brief resume of the work done by the committee appointed for the furthering of the Agricultural School project. Our delegation, consisting of Mr. R. Stockton, Mr. E. E. Green, and Mr. M. E. Sly, accompanied by Mr. M. M. Downey, of Calgary, arrived in Edmonton on the morning of the 25th February and in due time held a conference with the cabinet. The time of the appointment should have been 11 o'clock, but it was almost one o'clock before an audience could be obtained.

At about this time, Mr. J. P. McArthur, M.P.P., our representative, approached our delegates and stated that Premier Sifton would be pleased to have an interview with them. They were duly introduced by our member and the object of their mission was, in a few words, explained. Mr. Stewart, the minister of public works, was also in attendance at this conference.

The Premier received our delegation with his usual good grace and heartily welcomed them. He then asked each member of the delegation to state in a few words the object of their coming and Mr. R. S. Stockton presented our case, giving in full detail the work that had been accomplished. He referred the Premier to Mr. Downey's letter regarding the co-operation of the C.P.R. with our town and the Provincial Government with respect to the proposed site. He showed the geographical situation, and opened up the subject in such a manner as a very helpful and comprehensive case was presented with respect to Strathmore.

Mr. E. E. Green then followed and pointed out the unusual conditions that obtained in this district inasmuch as we were bordering upon the dry belt district, and he presented the case of the farmer in good style. He stated that while he was a practical farmer and had been up against all kinds of peculiar conditions yet he was free to admit that farming in this district demanded that new systems be taught and he thought that the Strathmore district, being so peculiarly situated, the methods of ordinary and irrigated farming could successfully and practically be taught in the best interests of a community which would ever be the greatest and most popular branch of industry followed in this province. It was necessary

that the young and rising generation be made acquainted with all the possible conditions that obtained in this province in order that they may be better equipped when starting out upon life's career than even their parents who have known nothing but farming and farm conditions all their lives.

Mr. M. Eugene Sly was then asked to give a few remarks and he, in his lucid style, proceeded to sum up the whole line of argument and made an appeal for urgent immediate action along this line. He gave some idea as to what could be done in the way of providing temporary accommodation for the students for a proposed school agriculture until such time as the regulation buildings could be erected and altogether outlined a feasible scheme which could be very easily adopted.

The Premier then replied to our delegation. He stated that at the present time the people wanted a little short on capital and while it was their object to erect more Schools of Agriculture at some further date, yet he thought that at the present time the war was so hard that it would hardly be advisable to borrow money and pay an abnormal interest. He was very pleased with the arguments that Strathmore had presented and also with the very able manner in which they had been broached. He also admitted that we had arguments that no other district could produce in favor of an Agricultural School and when the time and conditions would become normal again in order that the progressive work of the Government would receive due consideration, and, in his opinion, we were favorably situated.

Our delegation then thanked the Premier for his words of encouragement and expressed our hope that the war would soon be over and that conditions would become normal again in order that the progressive work of the Government might be carried out in any wise useful.

After this interview with the Premier, and after taking lunch, our delegation began to recapitulate upon the interview. Mr. Sly pointed out to the other members of the delegation that the Honorable Duncan Marshall was not present at the interview and as he is the one who is interested in the project, more especially than the other members, inasmuch as he is the head of the Dept. of Agriculture, and also Mr. Sifton who is the assistant to the Auditor General, they began to make enquiries and went to work to try and secure an interview with these gentlemen. At last about six o'clock after much running around, and keeping the wires hot, an interview was had.

The arguments were presented in much the same manner and a good hearing was given in reply, the Hon. Duncan Marshall stated that it was rather a hard matter to obtain good instructors for the irrigation method of farming and he favored the raising of stock and laid strong emphasis on the dairying branch of farming. Of course, it would be his object also to have all the phases of farming taught, paying especial regard to the conditions that prevailed in the certain sections of the province where it was hoped that School of Agriculture would be erected. He also stated that schools would be erected this year. He would like to see a School of Agriculture between Medicine Hat and Calgary and seemed to favor a proposition of erecting a school further east than Strathmore, but Mr. Stockton pointed out that but further east would not be in his estimation the best place for a move as the district was not as thickly settled as at Strathmore and it would be a matter of five or six years before the amount realized. It was finally agreed that the School Tax be paid in full and the remainder placed in the General Fund. Certain amendments to the Town Act regarding taxation having been received, it was decided that the single tax system would be in force for the present year.

Complaints having been made to the Council with regard to the

Glitchen constituency, and he thought that Strathmore had presented splendid claims in favor of their district. Mr. Sly then urged upon him the advisability of erecting the one school at Strathmore this year, but the minister absolutely refused to establish one school in any one place. He said that when the time was ripe, which he thought would be after the culmination of the war, money would in his estimation be cheaper than ever before and it would be the intention of the Government to establish three or four schools in different sections of the province, and Strathmore would receive every consideration. The file containing our arguments and other matters had been left with him and he would look into the matter very carefully.

He also intimated that the schools would be established, to a large extent, where the people wanted them and where the people expressed their desires and showed sufficient interest in these schools and where there were sufficient pupils to guarantee successful schools from the start.

With this, he intimated that the interview was at an end, and our delegation, accompanied by the Hon. Duncan Marshall and retired.

Our delegation returned to Strathmore, feeling more than pleased with their visit, and being confident that if we, as citizens of Strathmore and district, only do our share and not let our interest in this matter drag, our efforts along this line will eventually be crowned with success.

Town Council Meets

The usual meeting of the Town Council was held in the Town Hall on Tuesday, May 2nd, the following members being present: Mayor Lambert (chairman), Councillors E. E. Zerke, G. F. Butler, O. Bremer, F. R. Lilly, G. T. Berry and H. A. Anderson; with G. H. Hill, secretary. Dr. G. W. and Mr. McCoy were also present. The minutes of the previous meeting having been read, it was moved by Councillor Zerke, seconded by Councillor Anderson, that same be adopted. Carried.

The following accounts were presented: Special Police, \$9.00; H. E. Jago, \$1.50; Strathmore Standard, \$10.00; Auditor's Fees, \$30.00. It was moved and seconded that the above accounts (with the exception of the Auditor's fee) be handed to the Finance Committee and if found correct, to be paid. With regard to the Auditor's fee the Secretary was instructed to write Messrs Webb, Reid, Hegan, Callaghan and Co., asking for a detailed statement.

The Secretary reported that Mr. Petrie considered, under existing conditions, it would be better to use the C.P.R. for taxes. Moved by Councillor Zerke, seconded by Councillor Bremer, that Mr. Petrie be instructed to enter suit against the C.P.R. for arrears of taxes. Carried.

A letter was read from the Dominion Government Publication Office regarding subscriptions for the Dominion Railway Commission. Moved by Councillor Zerke, seconded by Councillor Bremer, that same be filed. Carried.

A letter was also read from the C.P.R. requesting permission to run a phone wire from the road allowance to Block Seven. Moved by Councillor Zerke, seconded by Councillor Berry, that the request be granted. Carried.

The Secretary reported the sale of five lots at the tax sale on April 22nd and asked how he should distribute the amount realized. It was finally agreed that the School Tax be paid in full and the remainder placed in the General Fund.

Certain amendments to the Town Act regarding taxation having been received, it was decided that the single tax system would be in force for the present year. Complaints having been made to the Council with regard to the

emptying of cesspools during the daytime, the matter was thoroughly discussed, with the result that By-law 53 was read a 1st, 2nd and 3rd time and passed to amend Bylaw 30 already in force.

Considerable time was spent in discussing By-law No. 6, re the matter of collection of licences. It was resolved that the motion passed at the previous meeting stand as recorded.

Dr. Givvin spoke regarding the new system of taxation. The Amendments to the Act having been read, it was found that the ratepayers had to place a petition before the Council if they desired to have the change made.

This concluding the business, the Council adjourned.
